

Speciality Products

Vehicle Bed Ladders

- Clamps onto Vehicle easily and quickly to prevent movement when in use.
- User friendly webbing straps with zinc plated claw hooks allow the ladder to be secured to side of trailer. Can also pick up with chassis members or under-run bars.
- Serrated flat treads 80mm deep- double riveted
- 175KG maximum permissible load, constructed to BS2037 Class 1 INDUSTRIAL.
- When positioned against the vehicle the working angle is less than alternative products that use a conventional leaning ladder. This combined with 80mm deep treads provides a "low fatigue" product that is comfortable to use.
- Compact when not in use – can be stored with vehicle without taking up valuable space.
- Fitted with folding handpost a metre above the trailer bed height.
- Adjustable and can be used on a variety of different vehicles if required.

Model	Maximum Vehicle bed Height (M)	Closed Length (M)	Maximum Overall width (M)	Weight (KG)
6 Tread	1.14	1.59	0.51	6.0
7 Tread	1.40	1.85	0.51	7.0
